The human wars

29 0 1

Chapter 1 by Niko Erfani

I looked out of my window and saw only pure darkness.

It wasn't scary though, no, it was calming. There was just something about it that made me want to let it encapsulate me even though it would kill me. I guess this was the reason why mankind was in this mess, why so many had died. The darkness made them do it, it made them kill, it made them crave for human blood. It was incredibly beautiful but it was also vicious, wicked.
